A gifted Medical Intuitive and Spiritual Healer, she can look inside a person's body, mind, and soul to pinpoint illness, emotional experiences, and traumas causing physical, spiritual, or emotional conditions.

HEALING FOR THE SOUL

ABOUT ME

spiritual gift is the ability to speak with special needs children who cannot communicate, giving their families unique insight into their thoughts, likes, dislikes, and needs.

With multiple patents under her belt, a baby product manufacturing company, she spends most of her time working on her passion project, Spirit Fluent®, to help people discover how to heal their lives, businesses, and bodies. She uses her unique spiritual and neurodiverse gifts to teach and think in revolutionary ways that she hopes someday will change the world.

ABOUT ME

I am a spiritual human on a journey just like anyone else. A few years ago, I had a profound spiritual awakening that changed the course of my life forever. While I had my spiritual gifts for as long as I can remember, this reawoke long-suppressed spiritual gifts inside that had been suppressed for years. I went from running my own manufacturing business to an ever-evolving spiritual human just like you. My life has been a road of ups and downs. One thing I know is that if I can make one person's life better by knowing me, then I have succeeded. I invite you to take this journey with me,

"So down to earth and easy to relate and understand messages and directions to take. I felt like talking to a friend..."
